

BAI - Webinar

Topic:

Powering the Digital Future:
Unlocking Value in Data Infrastructure
and AI-Driven Growth

Date:

December 11, 2025
11:00 a.m. - 12:00 p.m.

The digital economy is evolving at an unprecedented pace, driven by exponential data growth, the rise of artificial intelligence, and the increasing complexity of digital infrastructure.

As data becomes the strategic asset of the 21st century, the need for robust, scalable, and sustainable infrastructure has never been greater.

This webinar will explore the key pillars of the digital transformation - from the expanding digital ecosystem and the central role of data centers to the disruptive impact of AI and the strategic positioning of players like DataBank.

Through expert insights and market analysis, we will examine how investors can navigate and capitalize on the opportunities emerging from this rapidly shifting landscape.

SPEAKER

Gabriele Damiani,
Head of Core / Core+ Infrastructure Investments,
Swiss Life Asset Managers

Gabriele Damiani is the Head of Core / Core+ Infrastructure Investments at Swiss Life Asset Managers, a position he has held since 2021. In this role, he is responsible for the overall Core/Core+ strategy and is involved in the sourcing, negotiating, executing, and managing infrastructure investments across Europe and North America.

Gabriele began his career in the financial sector in 2005 as an Equity Analyst at the National Bank of Canada. From 2008 to 2011, he worked as an associate in Corporate Strategy and M&A at Bombardier. He then spent a decade at PSP Investments (2011–2021), where he served as Senior Director, Infrastructure, gaining deep expertise in infrastructure portfolio management and investment execution. Since joining Swiss Life Asset Managers, Gabriele has led the Core/Core+ Infrastructure division, bringing over 20 years of experience in finance and infrastructure investments to the role.

SPEAKER

Elisabetta Magrini,
Senior Investment Manager in the Core / Core+ Infrastructure,
Swiss Life Asset Managers

Elisabetta Magrini is a Senior Investment Managers in the Core / Core+ Infrastructure team at Swiss Life Asset Managers, which she joined in 2021. In her role, she is actively involved in the sourcing, execution, and asset management of infrastructure investments across Europe and North America, with a particular focus on digital infrastructure. Her current responsibilities include the asset management of DataBank, a leading US data center platform.

Before joining Swiss Life Asset Managers, Elisabetta worked at Rothschild & Co for over 2 years, advising on M&A transactions in the infrastructure space. She brings nearly six years of experience in finance and infrastructure investment.
